

# IC-RDML 70b

## Decoration and stacking stations

With the decoration technology, in-mold labeling in thermoforming, IML-T<sup>®</sup>, ILLIG offers a flexible solution for applying attractive labeling to cups and containers in different shapes and sizes during the forming process. The IML-T<sup>®</sup> unit IC-RDML 70b offers a wide range of different options for effectively decorating your formed parts.

ILLIG holds the patent to the in-mold labeling technology in thermoforming (IML-T<sup>®</sup>) — one of many ILLIG milestones in the thermoforming industry. The flexible labeling unit IC-RDML 70b with a forming area of 680 mm x 330 mm with a maximum tool layout of 18 cavities is connected to the IC-RDM 70K forming machine.

The technology enables the application of attractive, vivid, photo-quality labels on up to five sides of the formed part. In contrast to wrap labeling, right-angle walls are not necessary. IML-T<sup>®</sup> by ILLIG will help you to be successful at the point of sale.

## BENEFITS

+ PACTIVITY<sup>®</sup> + CLEANTIVITY<sup>®</sup>

# SERVICES

## SPARE PARTS

With machine spare parts we offer our customers worldwide optimal support. Safe, reliable, superior parts for guaranteed quality.

## SPARE PARTS

With tool spare parts we offer our customers worldwide optimal support. Safe, reliable, superior parts for guaranteed quality.

## MONITORING

Our Monitoring products provide you a competitive advantage. Data analysis via our secure remote access service, enables you reduced costs and time for trouble shooting and increase the availability of your ILLIG system.

# SERVICES

## PROCESS IMPROVEMENT

Our experts will help you with production or optimize the entire thermoform process to achieve more performance, better product quality and higher machine availability for your ILLIG system.

## SERVICE AGREEMENTS

With service agreements we provide you support for your ILLIG system over the entire lifecycle.

## TECHNICAL SERVICES

Technical Services offers our customers worldwide technical support.

# SERVICES

## TECHNICAL TRAINING

Master complexity - increase return. In accordance to this motto we educate the delegates to advanced line specialists.

## UPGRADES

With upgrades for our machines, our customers can implement new applications and functional enhancements and thus realize new customer requirements, improve profitability and increase their added value in a targeted manner.

## ACCESSORIES

ILLIG accessories with ILLIG Quality. High-quality materials with a long lifespan, with targeted use, are a guarantee for optimal work results.
